LMHS Receives Modern Healthcare Recognition

Licking Memorial Health Systems (LMHS) has been named to Modern Healthcare's *Best Places to Work in Healthcare*, a listing of the nation's top healthcare-related employers. The recognition from Modern Healthcare honors workplaces throughout the healthcare industry that empower employees to provide patients and customers with the best possible care, products and services. LMHS, which includes Licking Memorial Hospital, Licking Memorial Health Professionals and Licking Memorial Health Foundation, has been included in the list for the past five years.

"Inclusion on Modern Healthcare's *Best Places to Work in Healthcare* list is a great honor for our organization," said Rob Montagnese, LMHS President & CEO. "This award recognizes our dedication to improving the health of the community by continually increasing our standards and quality of care. We take great pride in providing excellent benefits and a positive work environment for our employees."

The list was compiled after healthcare employers and employees responded to survey questions regarding key measures that are based on the following eight core areas:

- Leadership and planning
- Corporate culture and communications
- Role satisfaction
- Work environment
- Relationship with supervisor
- Training, development and resources
- Pay and benefits
- Overall engagement

LMHS is Licking County's primary healthcare provider. The Modern Healthcare recognition was preceded by additional recent recognition – the Fortune Great Places to Work Best Workplaces in Health Care award and *Becker's Hospital Review* 150 Top Places to Work in Healthcare awards were both announced in early spring.

Licking Memorial Health Systems is the primary healthcare provider in Licking County. The Health Systems includes Licking Memorial Hospital (a 12-time honoree of Truven Health Analytics' national list of 100 Top Hospitals), Licking Memorial Health Professionals (an employer-based group of more than 100 providers), and Licking Memorial Health Foundation.
