FOR IMMEDIATE RELEASE

Gastroenterologist joins Akron Children's Hospital

AKRON, Ohio (Nov. 13, 2018) – Christine Seif Pasquarella, M.D., has joined Akron Children's Hospital as a pediatric gastroenterologist in the gastroenterology department.

Dr. Pasquarella is a graduate of Northeast Ohio Medical University in Rootstown, Ohio. She completed her residency in pediatrics at Akron Children's Hospital and a fellowship in pediatric gastroenterology at Cleveland Clinic Children's Hospital in Cleveland. She also has a bachelor's of science degree in natural sciences from The University of Akron, with a minor in chemistry.

Dr. Pasquarella resides in Canton with her husband, Joe, and their son, Anthony.

Specialists in Akron Children's department of pediatric gastroenterology rely on advanced diagnostics and therapies to provide the highest quality medical care to infants, children and teens with digestive problems. The department's specialists focus on concerns unique to pediatric patients, including growth, physical and emotional development, and age-related social issues.

About Akron Children's Hospital

Akron Children's Hospital is ranked among the best pediatric hospitals by U.S. News & World Report. Founded in 1890, Akron Children's is an independent children's hospital with two hospital campuses in northeast Ohio and more than 60 primary, specialty and urgent care locations. Akron Children's collaborates with many community partners to bring its neonatal and pediatric expertise to patients in their healthcare facilities. The hospital, which had more than a 1 million patient visits in 2017, also cares for children through its home care and school health programs, and advances pediatric health care through education, advocacy, community service and research.
